

Join as an International Medical Facilitator

Empowering Global Healthcare Facilitators with High-Profit Equity Sharing & End-to-End Operational Excellence

1. EXECUTIVE SUMMARY & PARTNERSHIP VISION

Sudama Global Health (a division of Sudama Global Trade) is India’s premier medical tourism facilitation platform, bridging the gap between international patients seeking world-class healthcare and India’s top-tier JCI and NABH accredited hospital networks. We extend an exclusive invitation to medical facilitators, travel agencies, healthcare consultants, and individual medical coordinators across the globe to partner with us under a highly lucrative **Profit Sharing Model**.

2. VALUE PROPOSITION: WHY PARTNER WITH US?

We eliminate operational friction and administrative bottlenecks, allowing you to focus on lead generation while we manage total ground fulfillment and split net profits directly with you:

- **Direct Hospital & Top Specialist Access:** Priority access to 100+ leading multi-specialty hospital chains and world-renowned surgeons/specialists in Oncology, Cardiology, Orthopedics, Transplants, and Neurology.
- **Comprehensive Patient Lifecycle Support:** Full ground support including complimentary tele-consultations, customized treatment plans, expedited M-Visa invitation letters, dedicated airport transfers, local coordinators, and post-treatment follow-up care.
- **Transparent Profit Accounting & Fast Settlements:** Net profit on each patient case is calculated transparently with complete visibility into hospital payouts, followed by direct profit share disbursements.
- **Co-Branded Global Reach & Marketing Support:** Amplify your local brand presence using our marketing collateral, clinical case studies, and digital health tools.

3. PURE NET PROFIT SHARING FRAMEWORK

Instead of calculating a small percentage commission on total raw billing, our partners earn a **direct percentage share of total net profits** generated per case. Your percentage split scales significantly as your monthly patient referrals increase:

Partner Tier	Monthly Patient Volume	Facilitator Profit Share (% of Net Profit)	Additional Perks & Incentives
Associate Facilitator	1 – 2 Patients	30% Profit Share	Standard Ground Support, Direct Doctor Access
Silver Facilitator	3 – 9 Patients	35% – 40% Profit Share	Priority Concierge, Dedicated Operations Lead
Gold Facilitator	10 – 15 Patients	45% Profit Share	Priority Concierge, Free VIP Airport Transfers
Platinum Global Partner	16+ Patients	50% Profit Share	Equal 50/50 Joint Venture Share, Co-Marketing Fund, VIP Lounges

Mathematical Illustration of Net Profit Sharing

Suppose a treatment package yields a net revenue profit of **\$4,000** after direct hospital treatment expenses:

- **1–2 Patients Tier (30% Profit Share):** The facilitator receives $30\% \times \$4,000 = \$1,200$ payout.
- **10–15 Patients Tier (45% Profit Share):** The facilitator receives $45\% \times \$4,000 = \$1,800$ payout for the exact same case.

Ancillary Revenue Opportunities

- **Wellness & Recovery Packages:** Retain up to **45% profit share** on post-operative wellness, Ayurveda, and rehabilitation resort packages.
- **Logistics & Accommodation Services:** Share in net earnings generated from specialized local transit, hotel stays, and family accommodation arrangements.

4. WHY CHOOSE SUDAMA GLOBAL HEALTH OVER INDIVIDUAL HOSPITALS?

Feature / Advantage	Direct Hospital Partnership	Sudama Global Health Partnership
Hospital Options	Restricted to 1 single hospital system	100+ Top Hospitals across India
Conversion Rate	Lower (If patient rejects 1 hospital, lead is lost)	High (90%+) (Offer 3 alternative options)
Payout Structure	Low fixed commission % on billing	High Net Profit Sharing (30% up to 50%)
Administrative Burden	High (You handle visas, local travel, translators)	Zero Burden (100% ground logistics handled)
Payout Reliability	Delayed (3–6 months processing time)	Fast & Guaranteed (Settled within 7–14 days)
